

Jowett Juniors

Well, Jowett Juniors has been going for almost a year now and I am grateful to the small but very faithful band of you who have been in touch. During this year I have given away £60 of Northern Section's money to our competition winners - Well done to all of you. This brings me to last time's competition. I received more entries for this one than any of the others and this despite the mistake in the puzzle and the fact that somewhere the whole page got re-formatted!! Our winner this time is Robert Bell. Well-done Robert, your prize will be with you shortly.

GOOD NEWS:

At the Jowett Car Club AGM in October (this was held at the Museum of British Road Transport in Coventry - well worth a visit if you are ever in Coventry) it was decided to make Jowett Juniors official. This means that you can now join the Jowett Car Club in your own right for £5 and for this you will **get your own Jowetteer**. Check out the renewal slip that came in the last *Jowetteer* and apply as a Junior Associate. If you need a renewal slip you can photocopy one or let me know and I will sort it out. Why not ask for a subscription for Christmas? The better news is that **one subscription** covers you and any brothers and sisters that you have - though you will have to share the *Jowetteer*. The good news does not end there. At the Northern Section AGM, Michael Kavanagh, the Northern Section Chairman, proposed that the Section should sponsor Jowett Junior's prize competitions for another year - so if you have not won yet, keep trying. Each prizewinner ends up better off by £10 and

gets a personalised certificate. Mostly the competitions aren't too hard and whilst you won't become a millionaire there's nothing to stop you asking the audience or phoning a friend - though I stop short of 50:50!

THIS MONTH'S £10 PRIZE PUZZLE

This time I want to test your knowledge of motor cars. There follow 8 questions about cars - where appropriate some letters of the answers are given and each dash represents a letter in the answer.

1. What is the device that mixes the petrol and air in the engine?

C _ _ _ _ _

2. What does TDC stand for?

T _ _ D _ _ _ C _ _ _ _ E

3. Do Jowett vehicles use 2-stroke or 4-stroke engines?

4. What is the device that ensures that the spark plugs spark at the right time?

D _ _ _ _ _

5. What are the devices that allow fuel into the cylinders and exhaust gasses out?

V _ _ _ _ _

6. What are the direction indicators called that are fitted to later Jowetts?

S _ _ _ _ _

7. What is the device called whose job is to keep the engine water cool?

R _ _ _ _ _

8. Where does the power come from to operate the starter motor?

B _ _ _ _ _

To enter, send me all 8 answers on a post card or in a letter (telephone answers can not be accepted). My address is at the foot of the page. Be sure to include your address and your age.

Closing date is 10th January 2001.

The prize will be awarded to the first correct answer drawn after the closing date and the answer and winners name will appear in February's *Jowetteer*.

Jowett Juniors, c/o Paul Beaumont, 83 Huddersfield Rd., Darton, Barnsley S75 5JR
